

MAKING CHOICES

HOW WILL YOU INVEST YOUR RESOURCES?

You are married; you both work and have a son, 14 and a daughter 9. One adult in the household is working full-time and the other is working two part-time jobs. Both make minimum wage.

If you had a "SMARTIES 15-candy budget" to spend every month how would you spend it? What would your priorities be?

Place the required number of candies to indicate your spending choices. You have to make a choice for each category (you can't skip any categories).

Now there's a change.

One of the children has an infected tooth and has to see the dentist. The family has no dental insurance. In order to get dental care, you must remove 2 and adjust the remaining candies.

Now there's another change.

You have been laid off with no severance pay. You must take off 4 more and adjust the remaining candies.

THE MORAL OF THE STORY

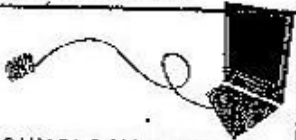

Hardworking people make these kinds of tough decisions everyday.

In our community we all work together so that children can succeed, families are strengthened to face today's challenges, those touched by disaster or unexpected changes can rebuild their lives, and our neighbors who need us most can find community resources to insure maximum independence and self-sufficiency.

HELP US TACKLE TOUGH ISSUES AND JOIN THE LIVE UNITED MOVEMENT.
